Subject: **IN SITU REACTIVE ZONE PILOT STUDY BUILDING 1/36,
BOEING REALTY CORPORATION, FORMER C-6 FACILITY,
19503 SOUTH NORMANDIE AVENUE, LOS ANGELES, CA**

Dear Mr. Geroch:

We have received the General Waste Discharge Requirements (WDR) for In Situ Bioremediation at the Boeing Realty Corporation (BRC) Former C-6 Facility dated February 4, 2003. As stated in the general WDR, requirements listed supercede requirements stated in previous work plan approval letters. Therefore, BRC will not submit monitoring reports per requirements stated in the Building 1/36 bioremediation work plan approval letter dated October 29, 2002. BRC will submit monitoring reports based on the monitoring and reporting program to be established by the Regional Water Quality Control Board at a future date coincident with development of the Building 1/36 area.

If you have any questions concerning this correction, please contact the undersigned at 562-593-8623.

Sincerely,
